TCEQ is due an EOY review. Last year's review kept getting pushed back by Linda with Blake so we were up for FY2015 review in the spring. Then, we had change over in SPMs. I would suggest the next review be joint of FY 2015-16 like I had to do previously in LA several years back.

Report is attached.

Thanks,  
Amy

Amy, while Mark is in the field, can you please send me the end of year report for TCEQ from last year? Also please show Lugo where the reports from past can be accessed, or just send him the past few reports. Thank you
